

## New Student Sessions Organizations:

You can find more organizations by searching here : <https://community.ucla.edu/studentorgs>

### Life Science Orgs

- PhD and Undergraduate Life Scientists in Academic Research (PULSAR)
  - Incorporate undergraduate students to the greater scientific community through networking events, mentorship, and research training.
  - Instagram: **@PULSARucla**
- Undergraduate Science Journal
  - Features original research articles and review articles written by UCLA undergraduates in all STEM fields, including life sciences, engineering, statistics, physics, mathematics, and computer science.
  - Instagram: **@usjUCLA**

### Pre-health orgs

- American Medical Women's Association Undergraduate Division
  - Provides a safe, non-competitive forum for pre-health students to network and discuss issues such as medical school prerequisites, education, professional development, and personal growth.

Instagram: **@amwaUCLA**

- Lavender Health Alliance
  - Provides support, community, and resources for LGBTQ+ pre-health students and increasing awareness of inequalities facing LGBTQ+ folks in healthcare, higher education, and the sciences.
  - Instagram: **@lavhealthalliance**
- Los Angeles (LA) Health Initiative
  - Committed to serving the greater Los Angeles area and beyond through involvement in community health-based projects.
  - Instagram: **@la\_health\_initiative**
- TransferMed
  - Facilitate UCLA transfers toward obtaining opportunities, clinical exposure, resources on and off-campus.

Instagram: **@TransferMedUCLA**

- Community Outreach for Health Literacy at UCLA
  - Platform for undergraduate students to research topics relating to their career goals and to directly work on educating the local communities.

Instagram: **@cohlbruins**

### **Environmental/Ecology Orgs**

- Access Clean Water Anywhere at UCLA (AWCA)
  - Raise awareness about issues of unequal clean water access and advocate for it to the wider UCLA community.
  - Instagram: **@awca\_ucla**

- **Backpacking Club at UCLA**
  - An inclusive community of outgoing and adventurous people who enjoy exploring the outdoors, love nature, and are dedicated to environmental stewardship.

Instagram: **@uclabackpacking**

- **Bruin Beekeepers**
  - Dedicated to bee education, research, and conservation. We manage beehives and various bee-related programs on campus and in the local community.
  - Instagram: **@BruinBeekeepers**
- **Bruin Birding Club**
  - Spread knowledge and appreciation of birds across UCLA, serve as a nexus for bird lovers across campus, and do our small part to make UCLA a more habitable place for our feathered neighbors.
  - Instagram: **@BruinBirding**
- **Ecological Restoration Association at UCLA**
  - A student service group working to restore degraded ecosystems in the community and learn about the significance of conservation biology and citizen science.
  - Instagram: **@ERAatUCLA**
